FBFA

*“From the pencil drawings and sketched studies, to cutting a palette knife through clay and using building blocks to create depth, we realized that it all came down to how we followed this universal line through space. We started to realize that the line was the point of translation between 2D and 3D forms.”*

**Felicity Carter**  
FBFA Senior Designer

made  
by  
design.

## a curated collaboration /

THE STUDIO/Sculpture, a Shaw Hospitality and Farmboy Fine Arts (FBFA) collaboration, is inspired by sculpture and installation art by well-known and emerging artists. FBFA deconstructed forms into mere geometric shapes; they studied the line work, the depth of light. The resulting collection is a mix of raised relief, subtle optical illusion and a whole new three dimension of curvilinear form, shapes and facets.

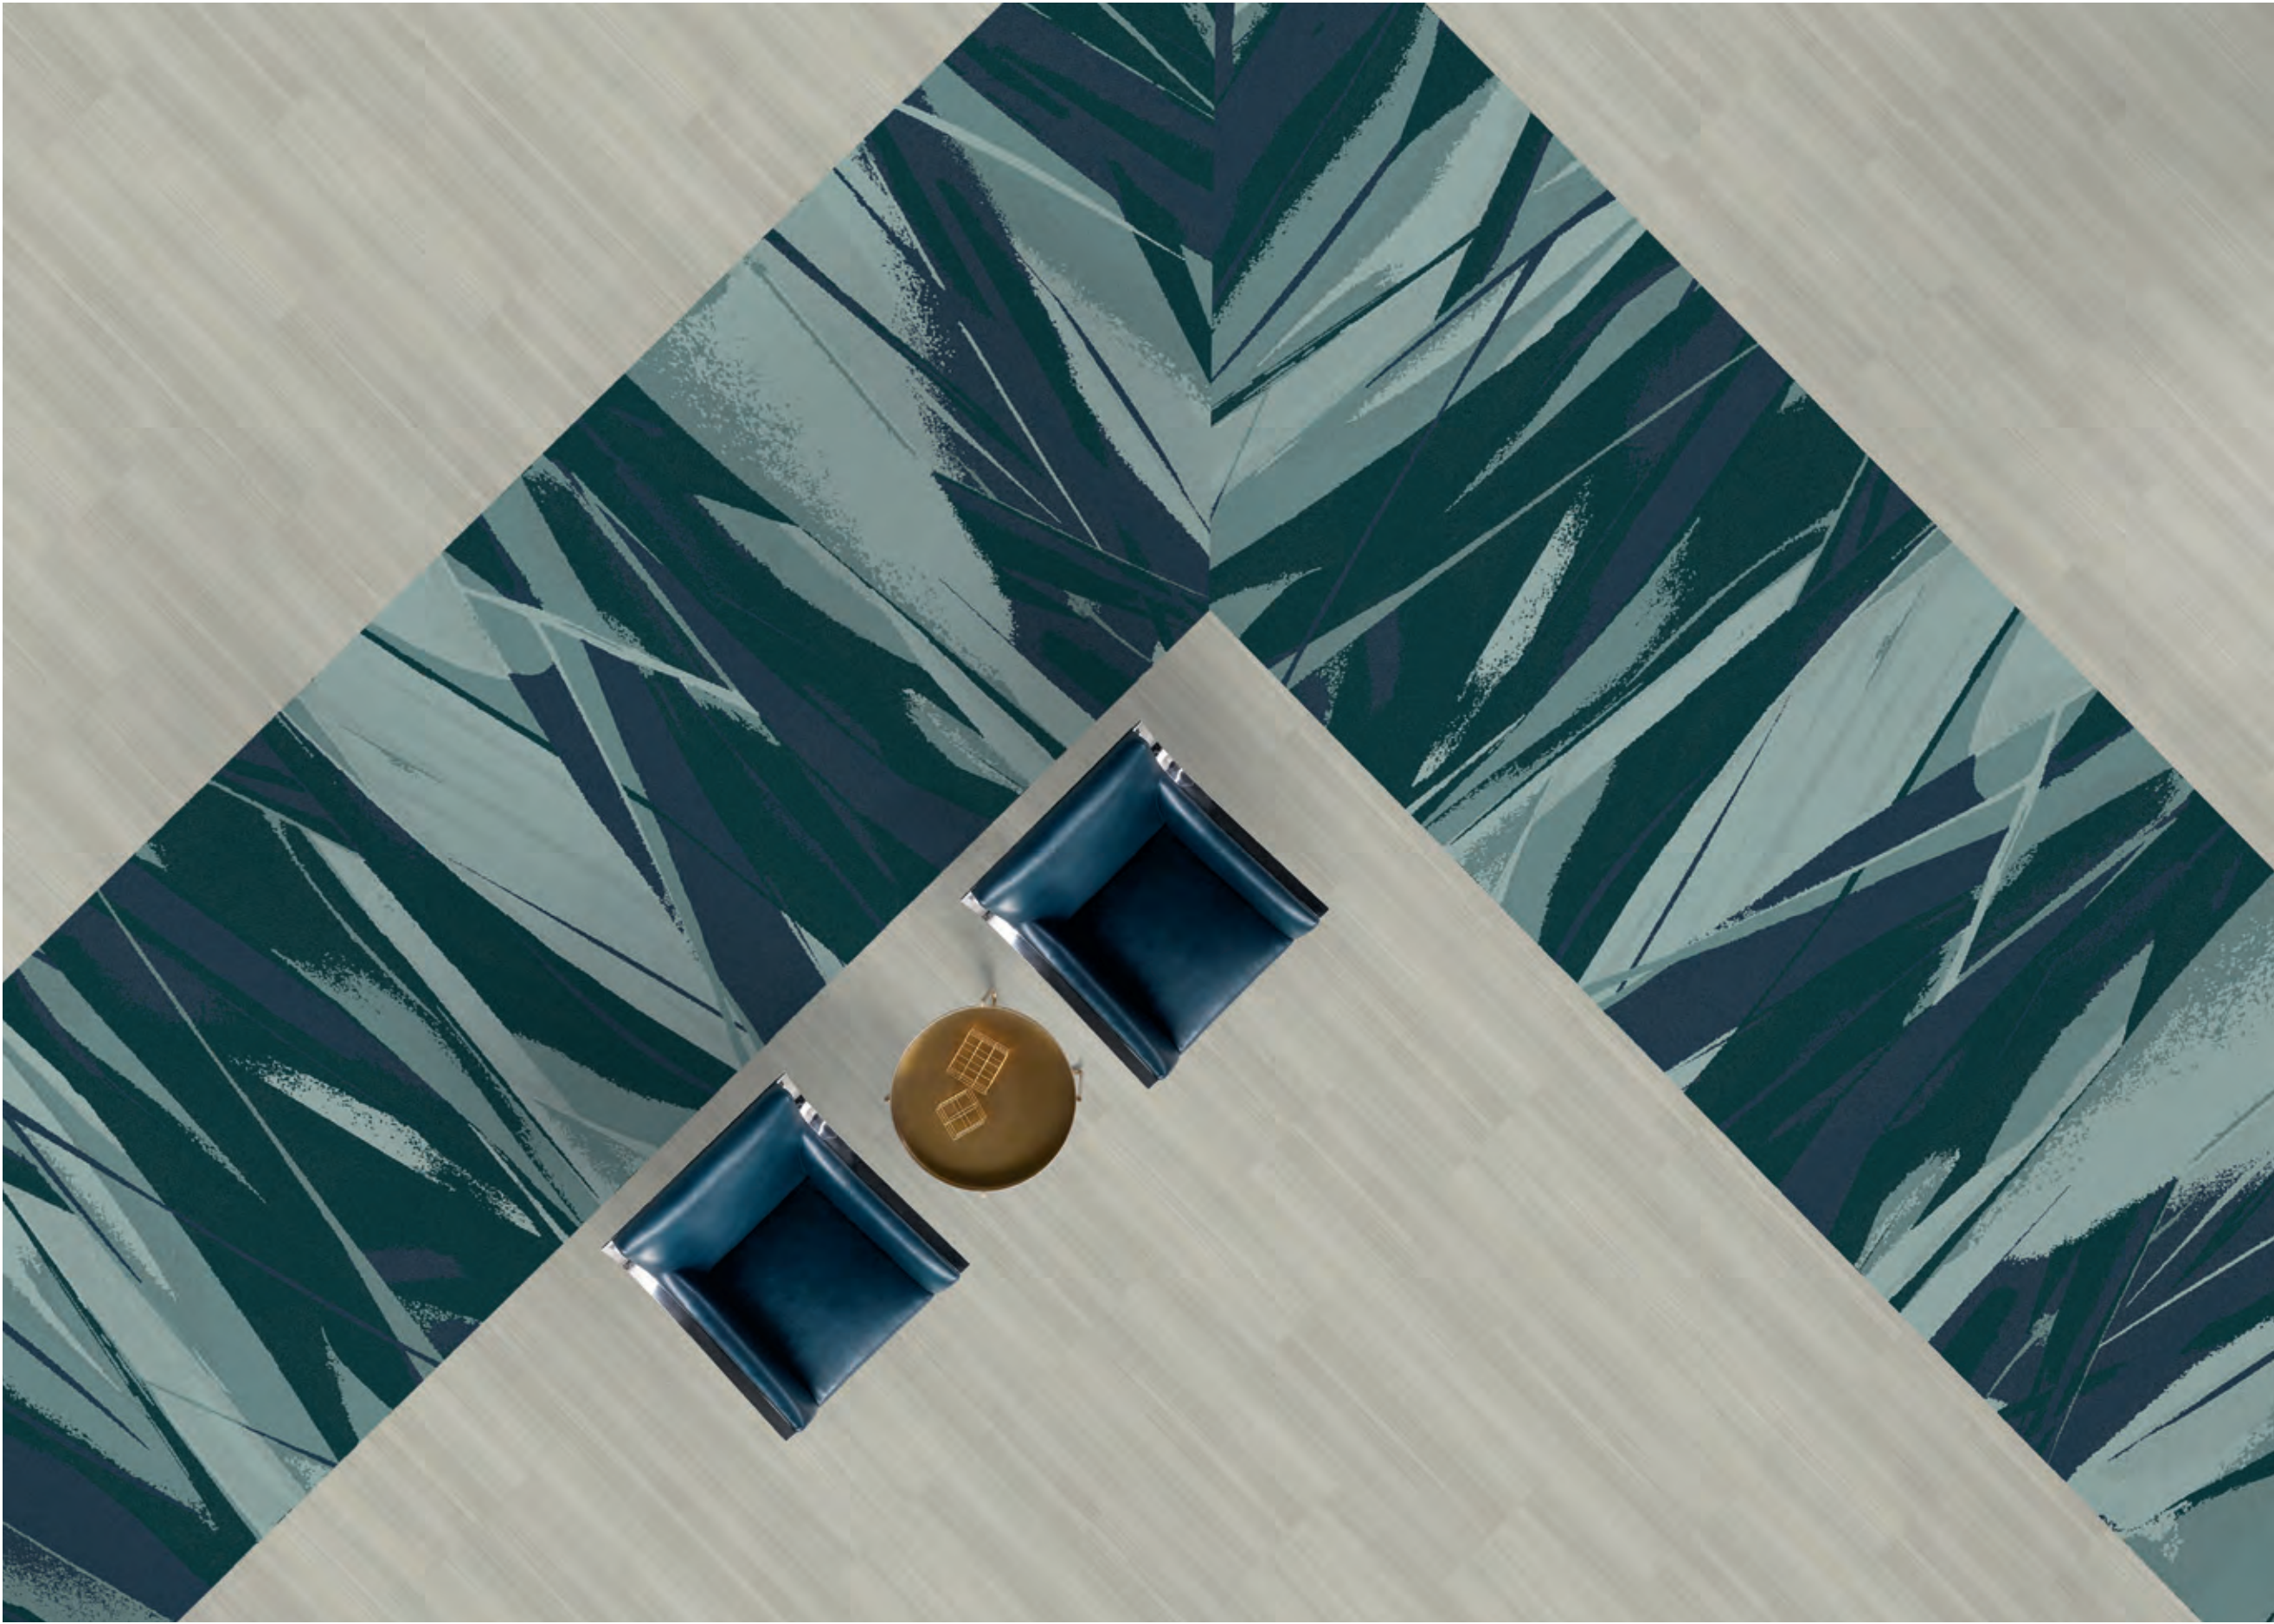

form / line / sculpt / movement / curve / neogeometric / depth /  
gradient / shape / intersect / deconstruct / construct / relief / shape /  
shade / dimension / structural / contrast / facet

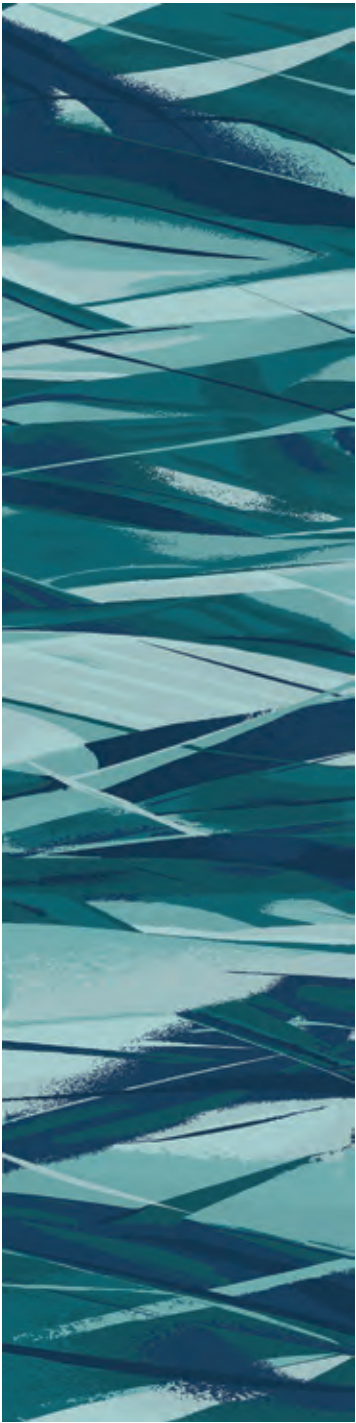

sweep /

*curve the gradient to create dimension.*
